

STATE OF CALIFORNIA—STATE WATER RIGHTS BOARD

License for Diversion and Use of Water

APPLICATION 13886

PERMIT 10000

LICENSE 6422

THIS IS TO CERTIFY, That

South Santa Clara Valley Water Conservation District
186 North Monterey Street
Gilroy, California (over)

has made proof as of July 21, 1960,
(the date of inspection) to the satisfaction of the State Water Rights Board of a right to the use of the water of
Uvas Creek in Santa Clara County

tributary to Carnadero Creek thence Pajaro River

for the purpose of domestic and irrigation uses
under Permit 10000 of the State Water Rights Board and that said right to the use of said water has been
perfected in accordance with the laws of California, the Rules and Regulations of the State Water Rights Board and the
terms of the said permit; that the priority of the right herein confirmed dates from August 8, 1950,
and that the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited
to the amount actually beneficially used for said purposes and shall not exceed ten thousand (10,000) acre-
feet per annum by surface storage to be collected from about November 1 of each
year to about May 1 of the succeeding year and fourteen thousand four hundred
(14,400) acre-feet per annum by underground storage to be collected from about
February 1 to about July 31 of each year.

The maximum rate of diversion to off-stream storage has been 50 cubic feet per
second.

The maximum withdrawal from surface storage in any one year has been 9915 acre-
feet.

The point of diversion of such water is located

South fifty-six degrees east (S 56° E) one thousand seven hundred forty (1740)
feet from NW corner of projected Section 18, T10S, R3E, MDB&M, being within
NE $\frac{1}{4}$ of NW $\frac{1}{4}$ of said projected Section 18.

A description of the lands or the place where such water is put to beneficial use is as follows:

32,700 acres net within 36,300 acres gross within boundaries of South Santa
Clara Valley Water Conservation District as shown on map filed with State Water
Rights Board.

Licensee shall maintain suitable measuring devices and obtain and supply to the
State Water Rights Board upon request such records as may be necessary to
determine with reasonable accuracy the quantity of water placed in underground
storage and the quantity subsequently recovered and beneficially used under the
provisions of this license.

All rights and privileges under this license including method of diversion, method of use and quantity of water
diverted are subject to the continuing authority of the State Water Rights Board in accordance with law and in the
interest of the public welfare to prevent waste, unreasonable use, unreasonable method of use or unreasonable method of
diversion of said water.

Reports shall be filed promptly by licensee on appropriate forms which will be provided for the purpose from time
to time by the State Water Rights Board.

The right hereby confirmed to the diversion and use of water is restricted to the point or points of diversion herein
specified and to the lands or place of use herein described.

This license is granted and licensee accepts all rights herein confirmed subject to the following provisions of the Water Code:

Section 1625. Each license shall be in such form and contain such terms as may be prescribed by the board.

Section 1626. All licenses shall be under the terms and conditions of this division (of the Water Code).

Section 1627. A license shall be effective for such time as the water actually appropriated under it is used for a useful and beneficial purpose in conformity with this division (of the Water Code) but no longer.

Section 1628. Every license shall include the enumeration of conditions therein which in substance shall include all of the provisions of this article and the statement that any appropriator of water to whom a license is issued takes the license subject to the conditions therein expressed.

Section 1629. Every licensee, if he accepts a license does so under the conditions precedent that no value whatsoever in excess of the actual amount paid to the State therefor shall at any time be assigned to or claimed for any license granted or issued under the provisions of this division (of the Water Code), or for any rights granted or acquired under the provisions of this division (of the Water Code), in respect to the regulation by any competent public authority of the services or the price of the services to be rendered by any licensee or by the holder of any rights granted or acquired under the provisions of this division (of the Water Code) or in respect to any valuation for purposes of sale to or purchase, whether through condemnation proceedings or otherwise, by the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State, of the rights and property of any licensee, or the possessor of any rights granted, issued, or acquired under the provisions of this division (of the Water Code).

Section 1630. At any time after the expiration of twenty years after the granting of a license, the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State shall have the right to purchase the works and property occupied and used under the license and the works built or constructed for the enjoyment of the rights granted under the license.

Section 1631. In the event that the State, or any city, city and county, municipal water district, irrigation district, lighting district, or political subdivision of the State so desiring to purchase and the owner of the works and property cannot agree upon the purchase price, the price shall be determined in such manner as is now or may hereafter be provided by law for determining the value of property taken in eminent domain proceedings.
